### **Authority**

**In compliance with applicable law and regulations, the Board shall require that District students submit to health and dental examinations, screenings and health monitoring in order to protect the school community from the spread of communicable disease and to ensure that the student's participation in health, safety and physical education courses meets the student's individual needs and that the learning potential of each student is not lessened by a remediable physical disability.**[\[1\]](#)[\[2\]](#)[\[3\]](#)[\[4\]](#)

### **Guidelines**

**Each student shall receive a comprehensive health examination conducted by the school physician upon original entry, in sixth grade, and in eleventh grade.**[\[2\]](#)[\[4\]](#)[\[5\]](#)

**Each student in first, third and seventh grade shall receive an oral health evaluation relative to their classroom lesson by the school dental hygienist.**[\[3\]](#)[\[4\]](#)[\[5\]](#)

**A private health and/or dental examination conducted at the parents'/guardians' request and expense shall be accepted in lieu of the school examination. The District shall accept reports of privately conducted physical and dental examinations completed within one (1) year prior to a student's entry into the grade where an exam is required.**[\[5\]](#)

**The school nurse or medical technician shall administer to each student vision tests, hearing tests, tuberculosis tests, other tests deemed advisable, and height and weight measurements, at intervals established by the Advisory Health Board. Height and weight measurements shall be used to calculate the student's weight-for-height ratio.**[\[2\]](#)[\[4\]](#)[\[6\]](#)

**Parents/Guardians of students who are to receive physical and dental examinations or screenings shall be notified. The notice shall include the date and location of the examination or screening and notice that the parents/guardians may attend. The notice shall encourage the parent/guardian to have the examination or screening conducted by the student's private physician or dentist at the parent's/guardian's expense to promote continuity of care. Such statement may also include notification that the student may be exempted from such examination or screening if it is contrary to the parent's/guardian's religious beliefs.**[\[7\]](#)[\[8\]](#)[\[9\]](#)

**A student who presents a statement signed by the parent/guardian that a health examination is contrary to the student's or parent's/guardian's religious beliefs shall be examined only when the Secretary of Health determines that facts exist indicating that certain conditions would present a substantial menace to the health of others in contact with the student if the student is not examined for those conditions.**[\[10\]](#)[\[11\]](#)

**Where it appears to school health officials or teachers that a student deviates from normal growth and development, or where school examinations reveal conditions requiring health or dental care, the parent/guardian shall be notified of the apparent need for a special examination by the student's private physician or dentist. The parent/guardian shall report to the school whether a special examination occurred. If the parent/guardian fails to report whether the examination occurred within a reasonable time after being notified of the apparent need and the abnormal condition persists, appropriate school health personnel shall arrange a special health examination for the student.**[\[2\]](#)[\[4\]](#)[\[12\]](#)

**In the event that the parent/guardian objects to or refuses to obtain a regular or special health or dental examination or refuses to permit the child to be examined as arranged by the school nurse or school physician, the school nurse, in consultation with the school physician, shall determine whether the student appears to have unaddressed health conditions such that under the circumstances the refusal should be reported to the PA Department of Health or other appropriate authorities.**

**Where school health officials or staff have reasonable cause to suspect that a student may be the victim of child abuse, the school employee shall make a report of suspected child abuse in accordance with law and Board policy.**[\[13\]](#)[\[14\]](#)

#### **Health Monitoring**

**The Board directs District staff to monitor student health in accordance with applicable Board policy.**[\[15\]](#)

#### **Health Records**

**The District shall maintain for each student a comprehensive health record which includes a record of immunizations and the results of tests, measurements, regularly scheduled examinations and special examinations.**[\[2\]](#)

**All health records shall be confidential and subject to Board policy.**[\[18\]](#)[\[19\]](#)[\[20\]](#)

**The District may disclose information from health records to appropriate parties at the request of a parent or guardian, or in connection with an emergency when necessary to protect the health or safety of the student or other individuals, in accordance with applicable law and Board policy.**[\[15\]](#)[\[18\]](#)[\[19\]](#)[\[20\]](#)[\[21\]](#)[\[22\]](#)[\[23\]](#)

**Designated District staff shall request from the transferring school the health records of students transferring into District schools. Staff shall respond to such requests for the health records of students transferring from District schools to other schools.**[\[18\]](#)

**The District shall destroy student health records only after the student has not been enrolled in District schools for at least two (2) years.**[\[18\]](#)[\[24\]](#)
