Section	200 Pupils
Title	Medications
Code	210
Status	First Reading
Adopted	January 14, 1993
Last Revised	February 25, 2019
Last Reviewed	May 4, 2020

Purpose

The Board shall not be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication to a student during school hours in accordance with the direction of a parent/guardian and licensed prescriber will be permitted only when failure to take such medicine would jeopardize the health of the student or the student would not be able to attend school if the medicine were not available during school hours.

Definitions

For purposes of this policy, **medication** shall include all medicines prescribed by a licensed prescriber and any over-the-counter medicines.

For purposes of this policy, **licensed prescribers** shall include a licensed physician, dentist, nurse practitioner or other health care provider who is legally authorized to prescribe either prescription or nonprescription (OTC) medications. ~~licensed physicians (M.D. and D.O.), podiatrists, dentists, optometrists, certified registered nurse practitioners and physicians assistants.~~

For purposes of this policy **medical marijuana** shall mean marijuana for certified medical use as set forth in the Medical Marijuana Act. [13]

For purposes of this policy **tobacco cessation product** shall mean a product that has been approved by the United States Food and Drug Administration for sale as a tobacco cessation product or for other therapeutic purposes where the product is marketed and sold solely for such approved purpose, so long as the product is not inhaled. [17]

Authority

The Board directs all Spring Grove Area School District (District) employees to comply with the Pennsylvania Department of Health's Guidelines for Pennsylvania Schools for the Administration of Medications and Emergency Care.

Before any medication may be administered to or by any student during school hours, the Board shall require the written request of the parent/guardian, giving permission for such administration. [1][2]

Delegation of Responsibility

The Superintendent or designee, in conjunction with the Certified School Nurse (CSN), may develop administrative regulations for the administration and self-administration of students' medications.

All medications shall be administered by the ~~CSN Certified School Nurse~~, or in the absence of the ~~CSN Certified School Nurse~~ by other licensed school health staff (RN, LPN), except as otherwise noted in this policy.

In the event of an emergency, a ~~d~~District employee may administer medication when s/he believes, in good faith, that a student needs emergency care. [3]

The ~~CSN Certified School Nurse~~ shall collaborate with parents/guardians, ~~d~~District administration, faculty and staff to develop an individualized healthcare plan to best meet the needs of individual students. [4][5]

The policy and procedure in place for administration of medications shall be reviewed, at least every two (2) years, by a committee consisting of the ~~CSN Certified School Nurse~~, school physician, school dentist, designated administrator(s) and members of the School Health Advisory Committee, and revised as necessary.

Guidelines

The ~~d~~District shall inform all parents/guardians, students and staff about the policy and procedures governing the administration of medications.

All standing medication orders and parental consents shall be renewed at the beginning of each school year.

Student health records shall be confidential and maintained in accordance with state and federal laws and regulations and the Department of Health Guidelines. [6][7]

Students may possess and use asthma inhalers and epinephrine auto-injectors when permitted in accordance with state law and Board policy. [8][9]

A student using nicotine patches, gum, lozenges, and any other means of tobacco/nicotine cessation product, so long as the product is not inhaled, may only do so if s/he provides a current, complete doctor's note substantiating the need to do so, and follows this policy. A student approved to use a tobacco/nicotine cessation product who is found to sell, provide, or otherwise furnish the tobacco/nicotine cessation product to any other student shall be subject to disciplinary action. A student found in possession of a tobacco/nicotine cessation product that has not provided a complete doctor's note, pursuant to this policy, shall be subject to disciplinary action. [11]

The Board prohibits students from using, possessing, distributing, selling, or otherwise furnishing medical marijuana, or any paraphernalia or device associated with medical marijuana, during school hours, at any time while on school property, at any school-sponsored activity, and while traveling to and from school and to and from school-sponsored activities. Students may, however, be under the influence of medical marijuana while on school property, at any school-sponsored activity, and - so long as the student is not operating a motor vehicle - while traveling to and from school and to and from school-sponsored activities, so long as they abide by this policy. [12][13]

Students may only be under the influence of medical marijuana if:

1. The student has been issued a medical marijuana card by a licensed prescriber pursuant to the Medical Marijuana Act; [14]

2. The student has furnished said card and the District maintains a copy in the student's medical file;

3. The student designates and identifies their caregiver as prescribed by law; [15]

4. The student's caregiver retains possession of the medical marijuana; [15]

5. The student's caregiver agrees not to bring medical marijuana onto school property; and [15]

6. The student's caregiver administers the medical marijuana off school property. [15]

Students found to be under the influence of medical marijuana without complying with this policy shall be subject to disciplinary action. [16]

Delivery and Storage of Medications

All medication shall be brought to the nurse's office, or the main office if the nurse is in another building, by the parent/guardian or by another adult designated by the parent/guardian. All medication shall be stored in the original pharmacy-labeled container and kept in a locked cabinet designated for storage of medication. Medications that require refrigeration shall be stored and locked in a refrigerator designated only for medications. The District shall not store more than a thirty-day supply of an individual student's medication.

Medication should be recorded and logged in with the date, name of student, name of medication, amount of medication, and signatures of the parent/guardian or designated adult delivering the medication and the school health personnel receiving the medication.

Nonprescription medication must be delivered in its original packaging and labeled with the student's name.

Prescription medication shall be delivered in its original packaging and labeled with:

1. Name, address, telephone and federal DEA (Drug Enforcement Agency) number of the pharmacy.
2. Student's name.
3. Directions for use (dosage, frequency and time of administration, route, special instructions).
4. Name and registration number of the licensed prescriber.
5. Prescription serial number.
6. Date originally filled.
7. Name of medication and amount dispensed.
8. Controlled substance statement, if applicable.

All medication shall be accompanied by a completed Medication Administration Consent and Licensed Prescriber's Medication Order Form, or other written communication from the licensed prescriber.

Disposal of Medications

Procedures shall be developed for the disposal of medications consistent with the Department of Health Guidelines, which shall include:

1. Guidelines for disposal of contaminated needles or other contaminated sharp materials immediately in an appropriately labeled, puncture resistant container.
2. Processes for immediately returning to parents/guardians all discontinued and outdated medications, as well as all unused medications at the end of the school year.
3. Methods for safe and environmentally friendly disposal of medications.
4. Proper documentation of all medications returned to parents/guardians and for all medications disposed of by the ~~CSN Certified School Nurse~~ or other licensed school health staff. Documentation shall include, but not be limited to, date, time, amount of medication and appropriate signatures.

Student Self-Administration of Emergency Medications

Prior to allowing a student to self-administer emergency medication, the ~~d~~District shall require the following:[9]

1. An order from the licensed prescriber for the medication, including a statement that it is necessary for the student to carry the medication and that the student is capable of self-administration.
2. Written parent/guardian consent.
3. An Individual Health Plan including an Emergency Care Plan.
4. The nurse shall conduct a baseline assessment of the student's health status.
5. The student shall demonstrate administration skills to the nurse and responsible behavior.

The nurse shall provide periodic and ongoing assessments of the student's self-management skills.

The student shall notify the school nurse immediately following each occurrence of self-administration of medication.

Students shall demonstrate a cooperative attitude in all aspects of self-administration of medication. Privileges for self-administration of medication will be revoked if school policies regarding self-administration are violated.

Administration of Medication During Field Trips and Other School-Sponsored Activities

The Board directs planning for field trips and other school-sponsored activities to start early in the school year and to include collaboration between administrators, teachers, nurses, appropriate parents/guardians and other designated health officials.[10]

Considerations when planning for administration of medication during field trips and other school-sponsored programs and activities shall be based on the student's individual needs and may include the following:

1. Assigning school health staff to be available.
2. Utilizing a licensed person from the school ~~d~~District's substitute list.
3. Contracting with a credible agency which provides temporary nursing services.
4. Utilizing licensed volunteers via formal agreement that delineates responsibilities of both the school and the individual.

5. Addressing with parent/guardian the possibility of obtaining from the licensed prescriber a temporary order to change the time of the dose.
6. Asking parent/guardian to accompany the child on the field trip, with proper clearances.
7. Arranging for medications to be provided in an original labeled container with only the amount of medication needed.

Security procedures shall be established for the handling of medication during field trips and other school-sponsored activities.
